

FROM GOOD HOMES

BANG THAT DRUM

(Music: FGH/Lyrics: Todd Sheaffer)

You say there's nothin'
that anybody is gonna do
you say there's no way,
ain't nothin' gonna pull him through
she says that he loves
& we all have the light
a little hope will go a long, long way

gonna bang that, gonna bang that drum
mercy is her business and I'm sold
gonna bang that, gonna bang that drum
just like i'm walkin' down the road

they spin him round & round
head him for a corner
I look into your eyes
I see they're smiling
she says that he loves
this is what he needs
a little hope will go a long, long way

chorus

she fills me up within, some fascination
a cottontail among the ruins
ah, a gentle touch, imagination
'll keep me smilin' all night long
& that's what I like

& oh the chicken me, i just feel like hiding
start talkin' god & love, I just wanna run
still here it is this song
once more & then I'm gone
a little hope will go a long, long way

chorus
