

COMIN' ON HOME

(Music/Lyrics: Todd Sheaffer)

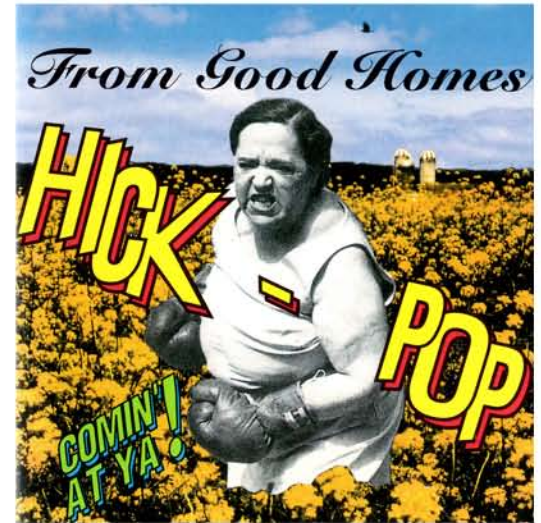

tommy conroy, friend of mine said
"I ain't a dog and I ain't gonna take it!"
so he got himself a van, a vw
loaded on his clothes and his pots and pans
and he set out on the highway
to California, up the al-can into Alaska
spotted a piece of land on the coast
said "i'm gonna make a livin workin on a fishin boat"
six months later the boat went bye
left him sittin on the beach high and dry
he headed back out on the highway
comin home, his pockets all empty
and his tail between his legs!

sherri moran, a friend of mine said
"I ain't a dog and I ain't gonna take it!"
So she headed out west
out to Utah, got a loan to open up a bakery
six months later the loan went dry
bakery closed she said "bye bye!"
headed back out on the highway
comin home, pockets all empty
and her tail between her legs!

They're comin on home
comin on home

what is it, tell me why do we
get a notion down inside
gonna head out west
strike gold, get rich, story all told
well the sun rises, sun sets
tell me what to expect
is it a dream gone old?
A river run dry? i'm watchin it leavin em
sayin bye, bye...

And comin on home
comin on home
