

# FROM GOOD HOMES

## DRIVIN' & CRYIN'

(Music/Lyrics: Todd Sheaffer)

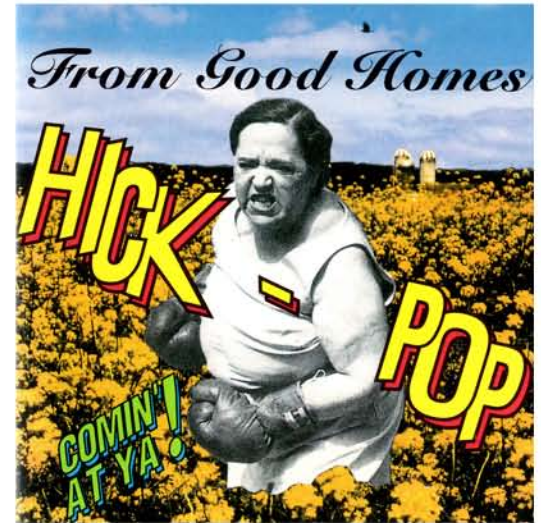

please someone tell me  
what to do bout the wreck on the highway  
I know of the blood and the mess  
must confess I just keep on drivin

feelin good and feelin free (down the line)  
gettin wild and gainin speed (down the line)  
suddenly you're lost and bleedin  
(too far down the line, too far down the line)

please someone tell me  
what to do bout the crash in the bathroom  
smash goes the glass you're fading fast  
and the price of success goes up again

feelin good and feelin free (down the line)  
gettin wild and gainin speed (down the line)  
suddenly you're lost and bleedin'  
(too far down the line, too far down the line)

please someone tell me  
what to do bout the wreck on the highway  
we all know of the blood and the mess  
and we just keep drivin and drivin
